## Linings

We supply rebated and ornamental linings on a just-in-time basis, covered in genuine veneer with a finished surface or high-quality finish-foil (ESH, CPL, etc.).

## Door frames

We produce block frames and door frames in large sizes for renovations in MDF, solid wood, multiplex or plywood base panels.

## Door catches and accessories

We can coat compact door frame parts in genuine veneer, finish-foils and CPL. Our offering also includes corresponding door applications, glazing bars, false edges or door jambs

## Special door profiles

We produce complete wooden frame pieces with lacquered finishes (veneer, white lacquer), including cross-moldings for the production of country cottage doors (in solid wood, MDF, MDF/multiplex combination).

## Design with a tradition

Our range of coated door elements has had a major influence on design and style in the door manufacturing industry over recent years. Make the most of our experience and set new standards for diversity and design with your range of doors.
