Cornice profiles

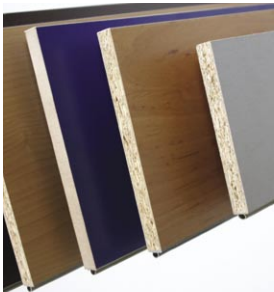

Cornice profiles in any decorative films up to and including decorative high gloss or aluminium films are likewise part of our range as well as real veneer and PVC surfaces.

Designer profiles

We assemble high quality cornice profiles and pilaster stripes (e.g. country house design), coated in real veneer, PVC or high quality decorative films with craftsmanlike perfection.

Base profiles

We deliver kitchen bases assembled and order picked, labelled and packaged just-in-time. We assemble frame profiles with maximum precision to high quality frame facades with any wooden material or glass fillings.

Frame profiles

At your request we assemble frame profiles with maximum precision to high quality frame facades with any wooden material or glass fillings.

Posts

We produce posts to any design (drilled, dowelled, notched, with sealing lips, etc) according to your specifications and order pick them according to requirements.

Functional profiles

We supply so-called functional strips such as cross beams, drawer runs, roller shutter guidance rails, drawer front sections, etc according to individual requirements.
